Membership & Donations

Thank you for your interest in California's (both Alta and Baja) rock art treasures. By becoming a member or making a personal donation, you become a vitally important part of our family of rock art advocates! You are now part of the growing body of individuals, scientists, avocationalists, businesses, and corporations who are actively discovering and preserving the cultural and artistic legacy of the Native inhabitants of California. Your investment fosters the works of CRAF and allows us to help protect the irreplaceable art of the ancients. It also permits CRAF to join with others in promoting rock art research to enrich our understanding of the drawings and paintings found throughout the Californias. We are surely blessed with a remarkable legacy from our Native people and it is our responsibility to identify, preserve, protect, and illuminate these fantastic monuments to the past.
